

”Become more self-sufficient  
with a little extra support”

## ROPOX GRAB AND SHOWER RAILS

### SAFELY MANOEUVRE WITH GRAB RAILS

Grab and shower rails are robust and stable aids for the independent user in situations where they need a little extra support.

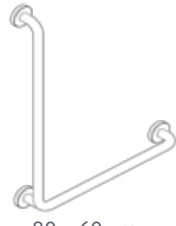

The grab rails are available in a number of lengths and shapes enabling you to design a bathroom with the right aids at the right place for the individual user.

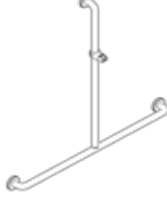

Due to the design and size of the grab rails, you will have a firm and stable grip. We have designed them without any dirt traps, so that you can keep a high hygiene level.

The grab rails for adjusting the height of the hand shower can be used with just one hand making it very easy to use.
