Mounting instructions

Follow the mounting instructions for Medi 2 nursing table. Place the adapter frame behind the nursing table unit after drilling holes in the wall. Then fasten the unit and the adapter frame on the wall by means of the assembly bolts.

Maintenance

- i** Ropox recommends testing of the functions of the nursing table and retightening of the bolts once a year.

In case of defects, please contact Ropox as soon as possible, and do not use the nursing table until the problem has been solved/remedied.

!! Maintenance of the nursing table should only be carried out by competent personnel !!

If you do not want to carry out the performance test yourself, you may contact Ropox to arrange a visit by a service technician. See contact information at the end of these instructions.
