

”Enjoy everyday life
in the kitchen
– regardless of your height”

4SINGLE

YOUR TABLETOP WILL REACH NEW HEIGHTS

Manual or electric height-adjustable multi-functional frame for sitting as well as standing work.

Perfect for kitchens, for rooms with large space, family rooms, and dining-rooms and for many various kitchen activities.

You can adjust the frames by using a handle, remote control or controller. If you mount robust brake wheels on the frame you will get a very mobile table that can be placed almost anywhere in the room according to individual needs.

The table frame can be designed according to individual requested sizes and for almost every kind of tabletops.

The 4Single table is ideal for the whole family: Large, small, young, elderly or wheelchair and many others.
